Warranty and after Sale Support

Warranty

- The skid unit is covered by a **2-year warranty** from the date of installation.
- All installed equipment is covered by a **1-year warranty** against defects in materials or workmanship attributable to the manufacturer.
- The warranty includes **replacement of defective parts and associated labor costs** only.
- This warranty **does not cover damages resulting from misuse, improper handling, or operation outside the equipment's intended use**.
- Any damage caused by failure to adhere to the manufacturer’s recommended maintenance procedures—such as routine filter cleaning or oil changes—is not covered under this warranty.

Manufacturing and After sale

· Skid manufacturing is conducted at the manufacturer·s factory in Bahrain,

Bahrain, subject to product availability. If all required components are in stock, manufacturing and dispatch will be completed within **20 working days** from order confirmation. In cases where items are out of stock, the delivery timeframe will be communicated at the time of order placement.

· Installation of the skid will be carried out at the manufacturer·s assembly workshop.

y wor

- The sale includes **complimentary training** on the proper use of the equipment, along with guidance on routine maintenance procedures.
- **After-sales support** is available six days a week via the following channels:
  - In-person visits to our maintenance workshop
  - Phone calls or WhatsApp messages to our dedicated maintenance team
